

Annual Nomination Deadline: September 1

MOLN MOLINE AWARD

*Minnesota Organization of Leaders in Nursing
Excellence Award*

Nomination Packet

This award was established in 1984 in honor of Connie Moline -
“a leader in nursing who exemplifies the philosophy and criteria”

MOLN MOLINE AWARD

The impact of activities performed by the innovative nurse leader should reach beyond the local practice setting. This award can be given in recognition for activities undertaken in the last year, or in the last several years, that have significantly impacted nursing in Minnesota. The criteria used for evaluation are leadership, innovation, collaboration and contribution

INTENT

Because of the high honor the award represents, it should be understood that the Moline Award may not be bestowed every year; however, this award is not limited to one individual and several awards may be bestowed in the same year. This award is only bestowed upon an individual once in a lifetime. The award could be recognition for activities undertaken in the last year or in the last several years that have significantly impacted nursing in Minnesota. The impact of activities should reach beyond the local practice setting. The Moline Award recognizes excellence within the Minnesota Organization of Leaders in Nursing.

PHILOSOPHY

The essence of this program is to provide the opportunity for a member of MOLN to be recognized and rewarded by colleagues for contributing to nursing in the state of Minnesota. It is recognition of demonstrated commitment, dedication, trust, energy, openness, and optimism. The award states that **“a person can make a difference.”** The award is not something to consciously work toward attaining, but thanks for what one person’s contribution to the profession of nursing has meant or provided.

.....

Please call, write or email the MOLN office with any questions regarding the nomination process. *Use the philosophy and criteria to support your nomination.*

Nominators will be asked to provide the names of individuals who support the nomination. They may be peers, administrators, physicians, supervisors, community members or other colleagues. They should have a working relationship with the nominee. There must be four references, two from within the work setting and two external of the work setting. The two internal references should include a peer and the nominee’s supervisor. All nomination packets must be postmarked by July 1 to be accepted for the following Fall Conference.

Moline nominations along with supporting documents must be submitted (or postmarked) to the MOLN office by September 1.

CRITERIA FOR NOMINATION

Candidates must exemplify excellence in each category.

LEADERSHIP

- Functions as (or acts as) an integral member of the health care team.
